

**JAPANESE QUINCE** *a light & refreshing heart of exotic fruit is gently complemented with soft wood & vanilla undertones.*

**BALTIC AMBER & MUSK** *a rich base of amber, wood & musk shine through very delicate top notes of floral greens.*

**TUBEROSE & GARDENIA** *a blend of sophisticated white florals wrapped in an exquisite green vanilla twist.*

A premium quality air freshening spray that will add a designer touch to any room.

The unique 2-step action ensures that odours are eliminated quickly & completely, rather than being temporarily masked. The first action uses a soy based odour neutralising ingredient to rapidly eliminate existing odours. Whilst the stale and unpleasant odours are being eliminated, the second action is adding a delicate burst of fragrant freshness to the air. Harnessing the indulgence of pure essential oils, Tri Nature's Designer Series Room Sprays are the epitome of luxury combined with healthy living.
